Lancers Prepare Mona Kai Dance

A smoking volcano and a waterfall will greet Whittier College students as they enter King Kamehameha's Palace to attend the Lancer Mona Kai tomorrow night at 8 o'clock. King Kamehameha's Palace is located across from the Willowick Country Club in Huntington Beach.

Palm leaves, fish nets and sand on the floor will also be used to simulate a Hawaiian theme in the decorations.

Spring Sports Banquet Set

Presentation of individual trophies to the basketball team will be featured at the annual Spring Sports Banquet, scheduled for May 10 at the San Gabriel Women's Club. Conference awards will also be presented.

The banquet is being given for those active in spring sports and their dates. Tickets for the turkey dinner are \$2.50.

The guest speaker, an AAU official, has not been named at the present time.

Vester Glenn and his band will provide music for dancing after the dinner.

Pat Putnam, chairman for the event, will be assisted by Dave Westsmith, publicity chairman, and Jim Daugherty, decorations chairman.

Sarongs and mums for the girls and cut-off denims, Bermudas and Hawaiian print shirts for the boys will be in style for the evening. The hat-maker will be at the dance to accommodate those with bare heads. Bare feet will also be in style.

Entertainment will feature a Hawaiian dance and a skit by Suzi Edmonds and Pat Ashcroft. Music will be provided by Dick Shoop.

Tickets, selling for two dollars, are being sold by Lancer members at the grass shack in front of the Campus Inn. Ticket salesmen are wearing Hawaiian costumes.

Cochairmen of the dance are Frank Sekeris and Bill Marumoto, assisted by John Carroll, program chairman, Jerry Eckels, publicity, George Takeyama, and Jack Grubbs, refreshments; Bob Lassabette and Phil Alvarado, tickets; and Jim Watkins, physical arrangements.

AMS Loan Fund Fine Is Raised

AMS Loan Fund fines were recently raised according to Tex Baker, AMS president. The raise in fines, from 10 cents a day to 3 dollars a week (until the amount is doubled) is due to the failure of paying back the loans within the one month limit.

The AMS Loan Fund was set up as a service for all Whittier men who wish to borrow up to \$10, which they must pay back within one month.

Men who have not paid back the loans at the end of the semester will not be able to get grades or transcripts.

Bring the Letters!

One of the primary reasons for features such as "Whittier Under Grads, A Cautious Generations?" to be printed is to attempt to elicit written opinions from the students. I might add that we have, in some cases, even deliberately slanted statements to give them more irritability and thus cause a greater reaction. However, those who take the time to write a letter to the editor remain as scarce as feathers on a fan dancer. This is a deplorable condition in a student newspaper, and yet it is equally deplorable to attempt to solve it by creating articles whose only beckoning to the reader is the very rankness of the content.

It is refreshing to read the ideas of those who have spontaneously responded to a subject that has challenged them with food for thought rather than garbage.

Almost apologetically we printed the last article of intellectual content fearing that because no one would read and react to it, we would have to start printing silly, high school features and nursery rhymes to reach the students. However, the students came through in their conversations, classroom discussions, and (YEA!) letters, to the editor. The only rules to follow in submitting a letter is to make certain that you have signed it. If you aren't afraid to sign your name to a letter, the Q.C. is not afraid to print it.

College Y Is Active Group

Participating fully in one of the finest collegiate and inter-collegiate programs in the U.S., the Whittier College "Y" sent a delegation that was numerically second only to that from mighty USC to Asilomar. Always well represented at other intercollegiate conferences such as Camp Seeley and the Cal Tech Men of Note Lecture sessions, The Whittier College Y is one of the more active organizations on campus. With only 25 members, the organization maintains interests ranging from World University Service and selling pickles to camp outs and fireside chats with resource persons in one of the advisor's homes.

Just recently retiring president, Frank Sekeris handed the gavel to Lyman Masters who is to pilot the Association into the next year. Advisors for the group are Jerry Patton, Chaplain Boblin, and Dr. Brooks, all of whom have worked energetically with the group in different enterprises.

The two main programs are Asilomar and Camp Seeley which are conferences drawing college delegations from the schools in the Pacific Coast YM-YWCA Area. Asilomar, a Christmas vacation convalese is held at the Asilomar conference grounds on the Monterey Peninsula. On the other hand, Camp Seeley is a spring and fall event which is ordinarily held at the camp by Lake Gregory. For this Spring however, resort facilities in the Malibu Canyon area of the Santa Monica Mountains will be used.

Because the social consciousness of members of the group is more than average several of them have traveled extensively in an attempt to gain a better understanding of social problems and the customs of others a brief rundown of some of the members would reveal, Lynn Barstow, Europe; Lynn Blystone, Europe; Jim Marsters, Europe and Middle East; Ellen Fisk, Far East, and Dick Shouse, currently in India.

To the members, the College Y serves as a springboard to greater activity on campus, in the community, state, and world. To be

Where's My Tapeworm?

By ELEANOR CORNICA
LA VERNE COLLEGE

Concern over two valuable biology specimens have put LV students in a campus-wide search. It seems that they belong to a taxidermist's private zoology collection and he is extremely anxious to recover the missing. No questions will be asked of the returner. All he wants is his tapeworm and his three legged chicken.

REDLANDS

There appears to be a new problem on UR's campus. It is the rule prohibiting couples to kiss good night on the porches of girls dorms. The opinion of the men seems to run like this: "If laws like this continue to prevail on our campus before you know it kissing will be outlawed and we will be forced to go underground!"

UCLA

A 4-point grade scale will become effective July 1, 1957 on the Brain campus. It is the hope of University Registrar Lawrence C. Pomeroy that this change will bring higher standards, stricter grading and an all around improvement over the present 3-

point method.

Associated Collegiate Press

Oklahoma Daily editor John Campbell printed the following letter from a reader:

Dear Editor:
From your editorials I gather that:

1. You're against compulsory ROTC.
2. You're against the draft.
3. You're against parking meters.
4. You're against campus police.
5. You're against closing the old golf course to spooners.
6. You're against bicycle riders.

Wha! a complete hard-head you must be!

Replied the University of Oklahoma editor:

Dear Sir:

- From your letter I gather that:
1. You're in favor of coercive volunteering.
 2. You like being drafted.
 3. You're in favor of picking pockets already empty.
 4. Your father is a cop.
 5. You're against love.
 6. You can't afford a car.
- You're a hard-head.

DINNER WITH THE SMITH'S—Last Tuesday night the executive committee enjoyed the generous hospitality and buffet supper of Dr. and Mrs. Paul Smith, at their home.

Perhaps the most important discussion was in regards to the selection of the commencement speaker. John Avila brought the subject up and Dr. Smith explained the procedure: It is the custom of colleges to choose a speaker on the basis of "importance" to the advancement of the college in addition to giving an inspiration to the graduates. Because of this, the President is primarily responsible for the final selection.

SPECIAL CONCERN—During the past semester various feelings have been expressed by both students and faculty on the Tuesday convocations. Due to this interest we feel that the situation warrants comment in facts and editorial.

When surveying the wide-spread concern, these major points have come to be seen as the most prominent. The practice of leaving when the speaker has begun to talk. The question of politeness to the speaker. The area of public relations in the form of the impression the Whittier students make upon the speaker. The educational value of convocation and even the question of honor of the student.

Some of us in the past have felt that convocations were provided for our listening pleasure, but that we have no obligations as an audience. It is true that the convocations are prepared with the interests of the students in mind, but with regard to our personal responses, it is a much deeper matter than was previously realized by either of us.

It is an obvious fact, and it needs no repetition, that convo speakers are persons of usually high distinction in one field or another and can offer some definite insights and educational information from their past experiences. Furthermore, there is no value in re-moralizing on the impolite or rude manners that we have so often displayed during convos. But a tremendously important area of which very few students are cognizant is the effect our convocations have on those who speak; this is a vitally important public relations problem. The problem is to develop goodwill between the College and our convo speakers and guests, for they play an important role as potential benefactors of the school. Often these speakers themselves have given tremendous service or have furnished contacts with other individuals who are interested in seeing Whittier progress.

It, therefore, is vital for us to take this into personal consideration when we are at convocation. Not only from the point-of-view of the important educational aspects of convo, not only from the personal consideration we know we should express toward others and would expect ourselves, but, also, from a deep and sincere gratitude for the time, effort, interest and services, which these men devote freely to each one of us—from all these considerations it is understandable what our response should be to the earlier mentioned concerns.

Here we have laid the situation out for your evaluation. The need for action is up to everyone at Whittier College, because in one way or another it effects the future of this institution.

Marilyn's Meow

As you look at the calendar, it's still bursting its seams with activities coming up in the last round of school.

Seems the beach is the only place this week end with two dinner dances and the Mona Kai are being held along the coast.

The Athenians will be entertaining their dates tonight at the Villa Marina in Newport Beach. A steak dinner and dancing to the music of Dick Shoop will be featured at the dinner dance "Starlight on the Sea."

Also traveling to the beach tonight are the Ionians for their dinner dance. Members and dates will be dining and dancing at the Seafarer's Lodge in Laguna Beach. A combo will provide the music for the evening.

Tomorrow night is Mona Kai night! And that means you have the chance of a lifetime to wear that grass skirt or your latest Hawaiian garb. The dance will be at the Palace of King Kehmoneha's near Huntington Beach. Dick Shoop will be offering the music for the evening. I understand the decorations are going to be something and the guys have really been working on them. Sounds like a dance that no one should miss!

The Thallians have postponed their informal, which was scheduled for tonight, until a later date, possibly next week.

Delta Phi Frat. Elects Officers

An election of officers highlighted the last meeting of Delta Phi Epsilon. Diane Gruenemay will be serving as president for the next year. Other newly elected officers are Donna Searing, vice president; Carolyn Weinert, recording secretary; Alice Triggs, corresponding secretary; Laura Lou Daus, treasurer; and Shannon Mihd, marshal.

Members are planning a Spring Dessert to be held at Welch's on May 1.

A \$300 Dorothy Greenwood scholarship is being offered to junior girls. Contact Miss Rice if you are interested in applying.

Home Ec. Attends State Convention

Home Economics majors and Mrs. O'Herron attended the California Home Economics Association Convention April 12-15, which was held at the Palace-Sheridan Hotel in San Francisco. Students who attended were Janet McGraw, Virginia Buck, Alice Triggs and Marlene Dreher. Several lectures were given by representatives of different careers in the home economics field and a round table discussion was held.

Next on the agenda for the Home Economics Club is a pizza party at Penn Park. Nomination of officers for next semester will be May 8.

Alma is a Junior Sociology major and Ron, a Lancer, is a Senior Sociology major planning to enter the Theology school. The couple became pinned April 18.

GINNY and MICKEY
Another Athenian engagement was announced when Ginny Benson passed chocolates announcing her engagement to Orthogonian Mickey Bevilacqua.

A white satin box with a pink ruffle and spray of apple blossoms announced the engagement Monday night to Ionians of Lynn Barstow and Senior Jim Marsters.

The couple are both Sociology-Psychology majors. No date has been set for the wedding. Jim is planning to attend the Southern California School of Theology next year.

PATTI and BILL
Patti Fazakerley made a third announcement to the Athenians when she passed chocolates telling of her engagement to Bill Sullivan. The two were engaged February 22.

Patti's box was white with their names inscribed on two hearts. Love birds held the ribbon tied to the scroll. Patti is a Sophomore home economics major and Bill attends University of Southern California Dental School where he is a Junior. He is a member of Psi Omega Fraternity. The wedding date has not been planned.

NANCY and JOE
Senior Nancy Perrine passed chocolates to her Thallian sisters announcing her engagement to Joe Hart, a graduate student at San Diego State.

George Allen Named Ram Assistant Coach

Whittier's football coach for the past six years, George Allen, has accepted a position as an assistant coach with the Los Angeles Rams pro football club, it was announced last Friday.

Coach Allen, who recently resigned from the Whittier coaching ranks, compiled a record of 17 wins and 7 losses in his six years at the Poet football helm. His best season on the Poet

campus was in 1955 when the team ended with an 8-2 record and rated second in the nation among small college teams in pass defense. Allen's only losing season at Whittier was in his first year.

Allen received his AB and MA from the University of Michigan where he worked under Fritz Chrysler. He will handle the offensive ends and backs for the Rams.

Track Men At S. B. Sat.

Last week the Whittiermen journeyed to Arizona State at Flagstaff where they dumped the Lumberjacks 70-54, in another non-conference dual meet to post their record win of the '57 track season.

Bob Bland led the Poets in their decisive victory over the Arizonians as he won the 100 and broad jump, tied for first in the high jump, and placed second in the 220.

Freshman Vince Asaro was a double winner for Whittier as he posted victories in his specialties, the shotput and the discus.

The Bonhammen swept the 100 yard dash, the 800 yard run, the 220 and the shot put. Summary of the meet:

100 yard dash—Bland, first; Reynolds, second; Hailey, third.

Coryell Starts Spring Practice

The 1957 Whittier College football team has begun their spring workouts under the direction of new football coach Don Coryell and his assistant John Godfrey.

The workouts started last Tuesday with drills for the prospective quarterbacks and centers. This year Whittier will switch from the Michigan-style single wing formation to the "T" formation which Coryell used at Fort Ord. Of the four quarterbacks that Coryell will work with, only one has experience, last year's outstanding tailback Gary Campbell, along with freshman Gerry Cooper and Ron Klepper have had any previous "T" experience, while Dick Truëblood is the only Poet with previous "T" quarterbacking experience.

Don Coryell started his football

career at Lincoln High School in Seattle, Washington, where he played for four years. He then continued his football at the University of Washington which he attended for five years to receive his masters degree in physical education.

Poet Netters In Sat. Match

The Poet netmen will play host to Redlands University this Saturday, April 27 at 1:30 on the local courts. Whittier was defeated 9-0 when these two schools met April 12 at Redlands.

Redlands has shown tremendous strength in past matches, stacking up a record of 65 straight wins. Dick Ehrgott, although losing to his Redlands opponent before vacation, is expected to win this Saturday.

Wednesday, May 1 at 2:30 Whittier will journey to Pasadena to face Cal Tech. In a previous match with Cal Tech, Whittier was defeated 8-1 with Ehrgott the only Whittier winner.

The Whittier frosh will be able to rest during both of these matches, as Redlands and Cal Tech do not have Frosh squads.

John Godfrey to Assist Coryell

John Godfrey has been signed as assistant coach to new head coach Don Coryell for the 1957 football season.

This is Godfrey's first college position following a high school coaching career that proved outstanding. In six years at Farrington High School, and Punahou High School in Honolulu and Bellingham High School in Bellingham, Wash., his teams posted a 38-15-2 record.

The Punahou team won the Honolulu interscholastic championship in 1953 with a 9-0 mark.

Godfrey will have no other duties here outside of coaching. He plans to teach in an area high school.

A guard, Godfrey captained the 1947 Washington State squad. His playing career was interrupted by the war. He graduated in 1948 from Washington State.

Want To Be a QC Editor??

All students interested in journalism who would like a position as editor of the QC next fall are asked to submit an application to QC editor, Toots Catlin, before Monday, May 13.

Now Kiddies!

"He who pays the piper calls the tune." It is fortunate for the students of Whittier that this axiom is not put into effect. Mediocre audiences would then deserve mediocre speakers. How humiliating it must be to sit before your own student body of a speaker strives to present ideas that are challenging the men in responsible places today and listen to an audience that will soon be forced to shoulder these responsibilities giggle and poke one another much as elementary students do. I have heard Dean Spenger say that after a while, he began to wonder if such drivel wasn't meant personally. It is pitifully indicative of the state of mind of the students when the only thing they laugh at is an attempt by the speaker to insult them into courteous attention.

To top it off, after the speaker has wearily braved the insolence of a group which either hasn't had much in the way of home training in elemental courtesy, or feels that it is their license as college students to be rude, the speaker must then listen to an applause that is an obvious lie. Evidently the audience feels that this maudlin tribute repays the speaker for the donation of his time in preparation and presentation.

Straggly enough there are those who would like to listen. If you are not among these, you may kindly not attend and take your cut or if you wish to be counted as part of the audience at least be quietly inattentive. This newspaper will strive to pacify you by printing more cartoons for your special need. Thank you.

NIGHT SHIFTS

Young Doctor Miller claims that whenever he comes here late at night and pulls into the parking lot, five or six cars leave in a hurry. He wonders if somebody is mistaking his M.G. for the local Will-Nab Say Doc, whatcha teach at that hour.

DUMB FOREIGNERS

Down Esenada's way, a charming group of Langers and their dates, Harv Charinofsky, Sandra Gordon, Joe Caretinitz and Peggy Chatfield went wading, when one of the inhabitants informed them that they were playing in the local sewage disposal system.

ROMEO?

Dr. Mills was telling about his riotous Spring Vacation with some friends on Balboa Island. "Not only do we like their company, but it gives us a change to smooch off them."

ROUND AND ROUND

Analyzing some propaganda ads, Sandy Palm stammered through a Maiden Form Bra ad, "I dreamed I rode a merry-go-round..." Naturally the class chuckled, but Doctor Burnett with a puzzled look iterated, "I don't get the point, class dismissed."

AMATEURS

Doe Upton yelled at a heckler in the balcony of his basic lecture the other day that, "You can't insult me, I've been insulted by experts."

BIAS CANARY

The girls down at the spot claim that their newly acquired canary sings best whenever a chocolate malt is being mixed up.

Freedom Fighters Talk For Young G.O.P. Program

By TOM MCCREARY

The Young Republicans had the honor of having Dr. Steve Hallos, past Budapest University professor speak before their group last Wednesday. Dr. Hallos was an economics professor at the university who had been sentenced by the Communist government to 4 years hard labor for anti-Communist views. Dick Banks, the other speaker, is a 21 year old Hungarian student freedom fighter who fought in the streets of Budapest to almost the last day when it became inevitable that the odds against victory were too great. Then he left the country in fear of his own life.

Dr. Hallos and Dick answered the following questions:

1. What was the economic situation of Hungary?

The country had suffered three depressions since 1950—one in 1950, 1953, 1956. The skilled laborer in one month received the equivalent of 4 pairs of shoes and two shirts. The country's inflation had risen 300% while the wages had gone up 30% with buying power. Russia would sell at above war market prices, and buy at below this market; but when the USSR wanted something, she would take it. The secret police received 40 times, and the shopkeepers 10 to 40 times the average monthly earnings of the working man.

2. Were there many spies?

Yes, spies were everywhere; you hardly knew whom to trust and whom not to trust. Even if you sniled the wrong way at a joke you could be executed; in fact thousands were and are still being executed monthly without trial.

3. Were there many purges?

Yes, if there was a failure of government policy, hundreds were purged—innocent and guilty—even many staunch Communists.

4. Was there a difference in Hungary's culture from the other Satellite Nations?

Yes, Hungary was a part of the old Austrian-Hungarian Empire and quite different from the surrounding slave nations. It was in thought and culture western and not like the rest; therefore the USSR did not even give the Communist Hungarian Army artillery for fear it might be used some day against them.

5. Was Hungary before World War II under Nazi or Communist influence?

Before WW II Hungary had the only freely elected parlia-

ment in its area. The Nazis had a party, but it was weak. The Hungarians hated the Russians much more because they had had closer contact with them. Only by force did Hitler ever secure Hungary and actually for only 6 months to a year did he have any type of control of the government. This happened when Russia started to invade Hungary; Hungarian troops met and fought them to a standstill. Then, and only then, did Hitler with 22 armored divisions enter the country, and with most of the Hungarian troops fighting Russians, their country fell like Poland. When the Nazis fell, the Hungarians fought hard to keep the Russians out in hope that the U.S. would come and liberate their country and help them fight the Russians. This help never came, and through Yalta and other agreements, Hungary was destined to become a slave state of the USSR.

6. What were the casualties of the revolution?

The Hungarians fighting for their freedom lost 60,000 killed and 40,000 deported to some place in the USSR—probably Siberia. The 40,000 deported were mostly students from 16-25 years old.

7. When did the Revolution start and how was it carried out?

On October 23, the fight for freedom began when the MVH, or secret police, opened fire on the masses which were at the time centered in Freedom Square. It was spontaneous; the hate of 10 years of Russian rule broke loose. The large Stalin statue was torn down (Dr. Hallos still has a piece of it) and by the 29th of October the Russians seemed to be leaving. The Hungarians called for help from the free world. About five days later the Russians returned with 2,000 tanks, jet planes, and 20 divisions which laid siege on Budapest. In the process, 10,000 people were buried alive under the falling buildings of Budapest. All people seen were killed on sight. Flame throwers were used, hospitals were set afire—some with as many as 800 people in them—the Red Cross workers were shot down, there was no mercy given any man, woman or child. Even then only with home made gas bombs they destroyed 300 Russian tanks, killed 8,000 Russian soldiers. 10,000 Russians deserted the Russian Army or fought on the side of the Hungarians. But without outside help all was lost.

8. Was there any pre-organization for the Revolution?

With the fade de-Stalinizing

program of the Summit meeting, the writers of Hungarian books and intellectuals called for group meetings and here criticized the regime. Students held meetings and discussed plans, but there was no one basic leader and organization. It was spontaneous.

9. Was there anything said in the Voice of America that might have led the people of Hungary to believe that the U.S. would help the Hungarians?

Yes, the Voice of America suggested that help would come from the West though it did not specifically say how.

10. Do you believe the Hungarians will revolt again in the near future?

Yes, if there is outside aid, they would do it tomorrow and so would the rest of the Satellite Nations.

11. How is marriage carried out in Communist Hungary without a Church?

Since there is no Church there can be no official marriage; thus a man can leave his wife when ever he feels like it.

So another chapter now takes its place in unmasking the true meaning of Soviet Communism. Let us be thankful for our country's way of government and the freedoms we enjoy.

Don Coryell (left) new Poet football coach, discusses the current Poet spring football drills with his assistant coach John Godfrey.

Coryell has Winning Slate In Previous Coaching

The new Poet football coach, Don Coryell, will be starting his sixth year of football coaching when he begins the Whittier football season next fall.

Coryell started his coaching career in 1951 with a high school team in Hawaii. During his stay in Hawaii he played in the annual Hula Bowl game and was named to the Hawaiian All-Star team for his efforts at linebacker. The Hula Bowl game is played between a Hawaiian All-Star team and a team from the Pacific Coast, composed of both college and pro players.

In 1953-54, Coryell coached at the University of British Columbia and in 1955 he coached at Wenatchee Junior College. Before Coryell came to Wenatchee, the team had gone through a winless season, at the close of his year of coaching, Wenatchee had a 9-0-1 record, and was invited to participate in the Potato bowl game. (Wenatchee was defeated by Bakersfield in this game 33-6.)

From Wenatchee Coryell went to Fort Ord where he was named athletic director and led the football squad to a 9-0 season.

SCIAC Track Finals at Oxy

Occidental hosts the Southern California Intercollegiate Athletic Conference track and field meet tonight, while the SCIAC freshmen vie this afternoon at Cal Tech for their league finale.

Preliminary races are needed in some of the varsity events. These will be run at 3 p.m. The field events begin at 7:30 tonight and the running event finals begin at 8 p.m. The entire frosh meet is in the afternoon with the first event scheduled for 3 p.m.

Chances Slim

Since the Poet varsity lost in dual competition to Cal Tech, Redlands and Pomona-Claremont, chances are slim that the small

Whittier contingent will score heavily as a team. Occidental, which has defeated UCLA and Stanford this season, rates as a prohibitive favorite.

The host Tigers didn't face any of the SCIAC teams in dual meet action this spring. Highlighting the list of entrants is Tiger Bob Gutowski in his first outing since breaking the world outdoor record in the pole vault against Stanford Saturday.

A stronger Whittier representative will appear in the frosh meet as the Poetbabe has defeated Redlands and Cal Tech and lost to Pomona-Claremont. Oxy is also favored in this division.

Entrants

Competing on the varsity level are Whittier's Len Peder (100, 200 LH and relay), Ron Tebbis (220 and relay), Dale Healy (2 mile), Red Rivers (120 HH), Bob Bland (HJ, BJ and 100), Dick Sallis (Javelin), Alan Rogers (SP), Jim Sutton (Relay), Tom Marumoto (HJ), and Dick Morton (Relay).

Frosh entrants include Vince Asaro (SP, Discus and Javelin), Larry Murray (SP, Discus, and Javelin), Dick Cate (SP, Discus and Javelin), Duke Reynolds (100, 200, 220 LH, HJ and Relay), Dick Traeblood (220 LH and HJ), Bill Kelly (440 and Relay), Don McCrea (PV), Loren Hatley (110 and Relay), Ed White (Mile), and Steve Musselman (880, HJ and Relay).

This is the final meet of the year for the track teams as units with only a few Poets likely to see action in the Redlands Relays.
