## Student Activity Structure To Dominate Forest Home

"New Horizons" will be discussed by students and faculty at the coming Forest Home Conference to be held Oct. 6 and 7 in the mountains above Redlands.

Pre-registration for the conference will be from 9 to 4 Monday, Oct. 1 in the student exec office. All those planning to attend should register that day by paying the \$4 registration fee. Late registrations will be accepted in Dean Gregg's office until Wednesday.

This year's conference will have 80 vacancies for interested students in addition to the spaces reserved for the presidents of every organization, student exec members, faculty and administrators.

Those wishing to work on the problems of the conference who are not included in the reserved spaces are urged to sign up for the vacancies on a first-come, first-served basis.

The problems of this year's conference center around the reorganization of the entire student activity field. The group

will take the suggestions of last year's Forest Home plus the structure discussed and set up by the Forest Home continuation committee and decide how it best can be implemented.

Most of the structure has been a year in the planning stage and is now in need of student opinion and criticism. Orientation discussions will be held to acquaint conference members with the work of last year's conference plus the plans of the continuation committee.

At registration participants

will be asked to state the discussion group in which they wish to participate. The following will be the topics of discussion: co-curricular committee structure, student exec structure, student exec committee structure, student life committee structure, religious life committee structure, and public relations committee structure.

## Work Day Planners Send Out Plea for More Students to Sign Up for Jobs

Do you have a job Oct. 10?

This seems to be a common plea on campus. According to Jim Daugherty, Work Day Chairman, more student volunteers are needed to participate in the Fourth Annual Student Union Work Day.

Unless more students are willing to lend their services to the project, the committee fears they will not be able to approximate their \$2,000 goal, an annual goal which has never been reached.

The volunteers will work for local firms and households from 8 a.m. to 12 noon for a minimum of \$1 an hour. The earnings will be added to the Student Union fund. Some of the jobs available

will be retail selling, mowing lawns, washing windows, typing, washing cars and baby-sitting.

Since 1952 the students have raised approximately \$50,000 towards their \$150,000 goal. The total cost for the project has been estimated at approximately \$517,000 and will be constructed on the south-west corner of the campus. It will house a new dining hall, a place for social recreation and a student government center.

The Campus Inn will provide a dining hall for 400 which can be converted into a ball room. There will be several small dining rooms for private groups opening onto the main dining hall.

The Union portion of the structure will be built next to Painter Ave. and will include two floors.

The upper level of the building will have a student lounge, meeting hall, and ASWC offices with patios at the north and south ends.

## Barstow Game Buses Available

Transportation for the Barstow football game, tomorrow night, will be provided by two buses, according to Alma Martins, Rally Chairman.

Today is the deadline for students who are interested in reserving a seat, to register. Reservations can be made in front of the Campus Inn. A fee of three dollars must be paid at the time of registration which will cover round-trip transportation as well as insurance.

The buses will load in the circle in front of Founder's Hall at 3:30 tomorrow. In the event of an extra large sign up at registration, a third bus will be available.

**Chapel Schedule**  
Monday—Fisk Exchange Students  
Wednesday—Negro Spirituals  
Friday—Rev. Harlan Waite, "All God's Chilluns"

## Tug-o-War Breaks Tied Brawl Score

For the first time in many a year, the Frosh class defeated the Sophomores in the traditional Frosh-Soph Brawl last week on Hadley Field.

Benefiting from last year's experience, the Sophs easily took the push ball event, shutting out the Class of '60, 6-0.

The Frosh women dropped the Sophs in the women's tug-o-war to even up the score. The girls on both teams were dressed in football attire. The freshmen proved too much for the fairer sex of the Class of '59, as the Sophs were dragged through the muddy pit.

With the outcome of the Brawl at stake, the men took the field for their tug-o-war. Two Sophs were sent flying into the mud when the rope broke, and both teams were thrown to the ground. On the second attempt, brown proved better than experience, and the Class of '59 slipped into the mud.

Many more found the pit in the melee that followed. However, the Sophs forgave the upset at the Bury the Hatchet Dance that night, but nevertheless, a painful reminder will greet the Sophs whenever they see the '60 numerals on the Rock.

## SHS Offers Salk Vaccine

The Student Health Service has announced that it is prepared to administer Salk Polio Immunization Vaccine shots to students.

Any of the shots in the series will be given. Each shot will cost \$2. Students under 21 years of age should have written permission from parents or guardian in order to have the shots.

The first shot can be given at any time. After two to six weeks, the second shot should be administered. The second shot will immunize against paralytic polio. However, for lasting protection, the third shot should be taken.

The third shot is given seven months to one year after the second. Students who have started the series elsewhere may receive either second or third shots at the Health Service.

Mrs. Evelyn Clark, Assistant Director of the Health Service, has stressed the necessity of taking the whole series, once it is started. It is up to the students to come in for second and third shots, as the Service is not planning a mass immunization program.

## News in Brief

### Registration

Final date for change of registration is Friday, Sept. 28, today.

### Convo

The Rev. Harold Walker of the Friends Church will be the speaker at Convo Tuesday, a religious service.

### RE Week

RE Week plans are coming along smoothly according to Dick Calkins. Students interested in working on the committee are invited to attend a meeting after chapel today in HLR.

### "Doing Fine"

Dean Reinstedt reports that the latest addition to the family, a girl born two weeks ago, is doing fine. The Reinsteds have two boys.

### Navy Info

A Navy Information team will be on campus Oct. 8 from 10-3 to answer questions regarding programs for men and women.

### Speakers Bureau

Students, especially foreign students, who would like to receive speaking engagements from outside organizations, should contact the Public Relations Office in Hoover.

### No Q-C Oct. 5

There will be no Quaker Campus published next week, Oct. 5. Instead Q-C staff members and those interested in working on the paper will hold a work shop in an attempt to re-organize the staff and procedures.

Anyone interested should contact Wade Holland today or Monday.

## Exec:

## Harmon Quits Athletic Post

Student Exec accepted the resignation of Bill Harmon as Athletic Representative at the first meeting of the year Tuesday night. Harmon gave no reason for his move.

Rather than hold a special election, Exec will consider an amendment to the by-laws next Tuesday, which would, if passed by a unanimous vote of the Exec, place the method of filling vacancies at Exec's discretion. At present, the by-laws call for a special election, though it was pointed out that many times in recent years the requirement for an election has been overlooked, and Exec has made appointments.

If the amendment is passed, it is expected that Exec will immediately select a successor for Harmon, otherwise an election will be called.

In other business, Kay Tarley reported that the ASWC has purchased over \$500 worth of equipment for a new public address system.

Jim Daugherty reported that the Victory Bell has been bronze plated and is now being mounted on a trailer. It was suggested that it become traditional for the Frosh class to be guardians of the Bell.

Barbara Opdale reported on the Handbook, and was given Exec's thanks for her work. She recommended the editor be appointed in the fall of each year.

## Society Pix Begin Wed.

Acropolis pictures will be taken beginning next week, according to Laura Lou Daus, picture chairman. The schedule is as follows: Athenians, Wednesday and Thursday, Oct. 3-4; Ionians, Friday and Monday, Oct. 5-8; Metaphonians, Tuesday and Thursday, Oct. 9-11; Palmers, Friday and Monday, Oct. 12-15; Thaliens, Tuesday and Wednesday, Oct. 16-17.

Men's society pictures will begin the following week, Oct. 22. Pictures will be taken from 9:30-11:45 and 1:15-4:30 each day. Society members should sign up in advance in Mr. Dill's office upstairs, Painter entrance, the Campus Inn.

### Club Pictures

Laura Lou has also requested that the presidents or chairmen of all other campus organizations notify her of the time of their regular meetings. This will facilitate the formation of the Acropolis picture schedule for the semester, and will do away with the necessity of calling a special meeting just for the picture.

Proofs of the society pictures will be returned in late November through the boxes in Founders, and copies will be available before the Christmas holidays.

## \$41,000 CONTEST

Open to All College Students (*Faculty, too!*)

Nothing to buy...nothing to write  
...and you may find you know more about  
people than you think!

**How well do you know human nature?** Can you tell what subjects interest people most? Here is a chance to test your judgment—show how good an editor you are—and you may win \$5,000 for yourself, plus \$5,000 in scholarship funds for your college.

It's fun to try. Maybe you can top other students in colleges across the country...and you can match wits with the editors of Reader's Digest.

Why do far more college graduates read Reader's Digest than any other magazine? What is it that makes the Digest the most widely read magazine in the world—with 11 million copies bought each month in the United States, plus 9 million abroad? Why is it read each month by at least 60 million people, in 12 languages—Arabic, Danish, English, Finnish, French, German, Italian, Japanese, Norwegian, Portuguese, Spanish and Swedish?

Can you spot in a typical issue of Reader's Digest the universal human values that link scholars, statesmen, scientists, writers, businessmen, housewives? Can you pick out the articles that will be most popular with the average Digest reader?

**You may find...you know more about people than you think!**

Here's all you do: Study the descriptions (at right) of the articles in the October Reader's Digest—or, better still, read the complete articles in the issue itself. (But you are not required to buy The Reader's Digest to enter the contest.) Then simply list the six articles—in order of preference—that you think readers of the magazine will like best. This will be compared with a nationwide survey conducted among a cross section of Digest subscribers.

Follow the directions given below. Fill in the entry blank, paste it on a post card, and get it into the mail before the deadline. Additional blanks are obtainable at your college bookstore.

All entries must be postmarked not later than midnight, October 25, 1956. Don't delay. In case of ties, the entry with the earliest postmark will win.

**Just pick in order the six articles  
you think most readers of October  
Reader's Digest will like the best.**

**READER'S DIGEST CONTEST**, Box 4, Great Neck, L. I., New York

In the space opposite the word "FIRST" write the number of the article you think will be the most popular of all. Opposite the word "SECOND" write the number of the article you think will rank second in popularity. List in this way the numbers of the six top articles in the order of their popularity. (Note: Use only the numbers of articles you choose. Do not write the title of any article.) Clip and paste this coupon on a Government post card.

And if your entry is the best from your college you will receive an extra award—an additional \$10 in book credit at your college bookstore.

### FOLLOW THESE EASY RULES

1. Read the descriptions in this advertisement of the articles that appear in October Reader's Digest. Or better, read the complete articles. Then select the 6 that you think most readers will like best.
2. On the entry blank at left, write the number of each article you select. List them in what you think will be the order of popularity, from first to sixth place. Your selections will be judged by comparison with a national survey which ranks in order of popularity the 6 articles that readers like best. Fill in and mail the coupon. All entries must be postmarked not later than midnight, October 25, 1956.
3. This contest is open only to college students and faculty members in the U. S., excluding employees of The Reader's Digest, its advertising agencies, and their families. It is subject to all federal, state and local laws and regulations.
4. Only one entry per person.
5. In case of ties, entries postmarked earliest will win. Entries will be judged by O. E. McIntyre, Inc., whose decision will be final. All entries become property of The Reader's Digest; none returned.
6. All winners notified by mail. List of cash-prize winners mailed if you enclose a self-addressed, stamped envelope.

### Which six articles will readers of the October Digest like best?

# Threat Posed by Marines

The Barstow Marines lost the football team Saturday with kick-off time scheduled for 8 p.m. The Barstow team is fresh from two early season encounters, a win over Pepperdine and a narrow loss to Redlands and will give the Poet eleven even more of a test than they experienced last week against the Santa Barbara Gauchos.

Redlands' victory last week was primarily due to an end zone pass that was dropped by one of the Barstow ends. The strength of the Barstow passing game was demonstrated against Redlands, when Rheme, the Barstow quarterback, threw passes that netted a total of over 200 yards.

If the physical conditioning of the team is any indication of its strength, Whittier is going to be in for a busy night. When weighing the ability of the Barstow team the Redlands game plays a prominent role. Redlands with most of last year's squad returning and favored to win the SCIAAC, barely squeaked by Barstow.

## Rogatory Remarks

by Rog

Just how does the SCIAAC shape up for the 1956 football season? Pomona-Claremont, the defending champ, opens its season this Saturday against the San Diego Marine Depot and will be seeking its eighth straight win. Pomona with only a fraction of last year's team returning is going to have a hard job to compile a record to match that of last year when they dropped only one game. Whittier lost to the Sageshens in '55, 13-14.

Over Pasadena way the Cal-Tech Engineers open their season against California Baptist. Much stronger than last year's squad, which won only one game all season, this may well be a winner for the Engineers.

The Tigers of Occidental College opened their season last week by handing a 14-13 victory to Long Beach State. Losing control of the ball at crucial times coupled with pre-season injuries accounted for the poor Oxy showing. This week with all injuries mended the Tigers take on Santa Barbara. The outcome of the game will mirror Poet chances in several games to come. Oxy is considered to be the dark-horse in the SCIAAC football race.

Redlands, pre-season favorite to cop the Conference crown, opened its season last week with a narrow victory over the Barstow Marines; the Poets' foe this week. The Bulldog team is the most experienced in the SCIAAC, having lost only a limited number of men from last year's squad. This week they face little La Verne.

Whittier will be fielding the same personnel that fell to Santa Barbara last week. Whether an additional week of practice and the experience of the Gaucho game have been enough to bring the members of the team to a "meeting of the minds" will be decided Saturday evening at Barstow. A TEAM action will keep the Poet eleven in the game... without this the evening could very well be a fiasco.

## Frosh Open Season Sat.

The Frosh football team travels to Oceanside this Saturday evening to open its 1956 season. Kick-off time will be 8 p.m.

With two weeks of practice, they will be facing a team that has already played one game this year. Last week Oceanside dropped a 20-7 decision to Riverside J.C. Riverside's team is composed of several ex-UCLA gridders so the score of this game is no indication of Oceanside's ability.

Richard Cate has been selected as one of the co-captains for the game on the basis of his work during the first practice weeks.

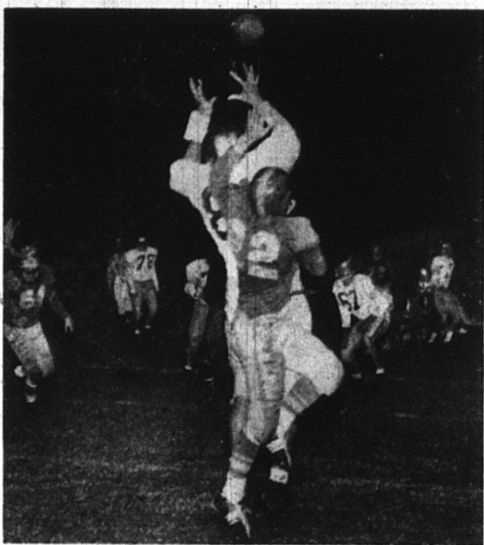

Coch Leighton stated that the Frosh seem better prepared for the opening season game than have any of his previous squads. The merit of this statement is shown by the scores of recent opening games, 1953: Oceanside 12, Whittier 13; 1954: Santa Ana 0, Whittier 0; 1955: Mt. SAC 13, Whittier 13.

Action during Santa Barbara game, which the Poets dropped without even entering the Gauchos' end zone. The passing attack will be extensively used by Barstow this week end.

## Poets Blanked by Strong S.B. Team

The Whittier Varsity Football team played the role of a polite host last Saturday evening in allowing the Gauchos from Santa Barbara to return home with a 24-0 victory.

Santa Barbara scored in almost every possible way in this opening game of the season. The first score came mid-way through the first period on a fourth down plunge from the one-yard line after the Whittier line had held for three successive downs. The conversion was good and the Gauchos led the rest of the game.

The other scores came on a 57-yard punt return in the last minute of the first half, a 53-yard pass-and-running play in the final period, and a 24-yard field goal

in the closing minutes of the game.

Max Fields carried the greatest single part of the Whittier ground game picking up 57 yards in 18 carries. The Poet offense, hampered by a limited amount of pre-season practice literally never got off the ground. The Gaucho line, in far superior condition to the Poet forward wall held the Poets to short gains all evening.

The overall conditioning of the Gaucho team is held to have been the major cause of the seemingly poor showing of the Poet eleven. Statistically the game was much closer than the score indicates. On the ground Santa Barbara gained 169 yards while Whittier compiled a total of 161 yards.

Santa Barbara with two weeks of double session and one week of single session practice was the better conditioned team. If the teams were to meet again taking into consideration the fact that the Whittier squad took the field with but nine days of practice, the score might very well be much different, according to George Allen.

Score by quarters:  
Santa-Barbara 7 7 0 10—24  
Whittier 0 0 0 0—0
