Meeting Minutes for February 24, 2020

- I. Meeting is called to order at: 7:04 pm**
- II. Moment of Silence/Inspirational quote**
 - A. INSPIRATIONAL QUOTE**

Read By: Sen. Ross
- III. Mission Statement**
 - A.** The ASWC Senate, as the governing body of the Associated Students of Whittier College, is dedicated to the betterment of the college as an institution and as a member of the broader community. The Senate shall assist on-campus clubs and organizations in creating, promoting and implementing dynamic programs and events that involve students and add value to their educational experience. This body will act as an open forum for students to voice their opinions and desires, always keeping the best interests of the ASWC in mind. In all its actions, the Senate will serve the students first with integrity, dedication, responsibility, and humility.

- VI. Public Voice**
 - A.** Response to Whittfest
 - 1.** Casidy
 - a) Deception of the event to the student body, making the senators think that \$30,000 would be the set price,
 - (1) Journey
 - (a) We did not say that it would be for the whole event, we did bring it up that it would not only \$30,000

- b) \$32,000 is not the original amount sent out, the cost of the event was never mentioned and the people that think the event should not happen because not all students one it
 - (1) Journey
 - (a) All colleges have no academic events, I will explain more. The research shows that we need to be well balanced and to show that we will be a diverse campus, like we say we do. It is not successful if we do not get the funding. There should be an allocated amount of money that should be set aside for all students to attend. I fully do not agree but I do understand.
 - c) Go to constituents and say exactly what your being told so that they can get the response, I don't like the event, I think this event is good at all, I simply do not see how this event is supposed to bring about diversity and more. I feel that Whittier has no way to do this, and makes no sense for us to have it. It is a mistake that we have this event.
- 2. Genesis
 - a) What other ideas do you have for these student body funds?
 - (1) That not for me to say
- 3. Piper
 - a) Are you really investing in the diverse meetings, are you really advocating for diversity. As a reason to have Whittfest.
 - (1) Journey
 - (a) Working on getting different groups to allocate for different groups, Piper I do have a question you signed a contract to be on a Wittfest,
 - (2) Attended one committee meeting, then I quit.
- 4. Spencer
 - a) Can the table please confirm if you knew that the \$30,000 was only for the artist.
- 5. Piper
 - a) I would really appreciate it if you would go back to your constituents.

6. Genesis

- a) I would like to give you a breakdown of fees, shows the breakdown of fees, fund and operation and general student body funds are allocated. Program Board. We waited until the end to make sure that we were not requesting money that they could not afford. Of course this semester is a completely different allotment of money.

7. Journey

- a) Student Body fees are not for diversity centers

8. Ethan

- a) Valid, but board

9. Cassidy

- a) We are not saying we want to only use this money for diversity centers. We do not feel that \$60,000 should be used for only this. I personally have come in to request my own funds. You need to think about the amount of time it will take. Someone and how will it affect their time here for the last four years.

10. President Moya

- a) It really is thinks like this that make better decisions to be made

11. Anika

- a) I believe that this request for Whittfest is not intentional for making other clubs on campus feel discouraged, but it is hard to hear these things. Make sure that we can share our voices and who we are, just because we are limited in funds the ability I now have to bring about more about my organization

(1) Collaboration can happen,

12. Representative Eccles

- a) Whittfest it is on campus, of course you like the ability to go out having the ability to go off campus. Doing things on campus is very important.

13. Cassidy

- a) I think its great to host events on campus, I personally like music, I don't personally don't like this music so I would not come as well as the price

14. President Moya,

- a) Those are things that the Senate can fund but residence halls for sure have to be funded through different funding operations and

typically involve a lot of different things. Senate does not get the ability to pick and choose what they want to spend their money on

15. Senator Mendoza

- a) They are not getting famous people, having the ability to know the environment where I am, having the event here you get the ability to do something you may not have been able to do.

16. Cassidy

- a) Whittfest versus the other event is only a difference of having a famous person. I feel that this is very superficial, you can accomplish that without,

17. Mike

- a) A concert and music is for everyone

18. Representative Casserly Simmons

- a) Total amount for allocated

19. Cassidy

- a) Please remember you have constituents and please allow for that to guide your decisions

20. Cultural Grads

- a) Are not based on student body funds, the school now does it based off of the academic funds.

21. Thank you for everything.

3. FYI only vs Follow up needed

H. Open for Questions

1. Sen. Segura how do you feel to make sure that the decolonization to happen,
2. When I say that it is colonization using a care team is more important than just sending a message via email, versus making sure that students were not afraid to speak with the Individuals who were able to talk to them. And to break down the barriers that are there when it comes to having the ability to reach all students.

I. Sen, Ross

1. Where on MyWhittier can students find this information
2. Response
 - a) Segwaying for it to get to be more open

J. Sen. Minami

1. Is it going to be accessible to students and what would that intel be?
2. Response: Approach of care, and make it a student facing newsletter.

K. President Moya

1. This is for the senate table, to see if Marisol is available to speak to the table about who she is and what she is doing on our campus.

L. Representative Modesti

1. Positive, along with everything else you are apart of you can tell that faculty and staff care, and that they are willing to put in the work to ensure that their students feel a positive environment.

M. Sen. Casserly Simmons

1. Marisol Mendoza for free public transportation

VIII. President's Message - *President Moya*

A. Good afternoon everyone,

I want to once again thank all the students that came into to speak and share during Public Voice. We appreciate this kind of feedback and engagement and hope to see you all at more meetings. Last week I met with Vice President and Dean of Students, Bruce Smith. We had a very productive meeting and discussed a few different points such as the status of the Gender Equity Resource Center and Interfaith space on campus. There are many administrators involved and supportive of the interfaith space, we are currently working to streamline communication and get on the same page before we move forward. Currently the conversion of a third floor study room is looking like a feasible space to use as we look to work on a more permanent space. Bruce did express his interest in having a senate representative on the task force moving forward, specifically a male athlete to bring a unique and well rounded perspective. The taskforce will be meeting later this month. We also discussed issues regarding the topic of student finance from student accounts to students individual accounts. Lastly, we discussed the issue of space, as this is an obstacle the WC community is always faced with when trying to make any improvements on campus. I will be reaching out to administrators in the office of advancement to explore ways in which we can develop long term and large scale solutions to this obstacle. Things I had recommended to Bruce was possibly adding a third floor to the campus center where office spaces can be made available for things like the gender equity center and the veterans department.

XI. Committee Reports

A. Administrative –*Vice President Joachim*

1. The Administrative Committee will be holding the first event for the Mental Health Initiative this coming Friday in partnership with the Counseling Center. We will be in front of the CI from 11 AM-1 PM handing out succulents and asking students to write down an insecurity and then throw it away. The Counseling Center will also be present to hand out resources to students and information about their services. I also received a brochure on self-esteem from the Counseling Center that I will be reaching out to Residential Life about distributing the brochures in the residence halls.

B. Budget- *Treasurer Estrada*

1. Meeting from 12:30 -1:30 in OSE Conference Room

C. Campus Relations- *Director Tejada*

1. Campus Relations did not meet this week.
2. Tomorrow, February 25th will be the State of the Senate, we will have a Nacho Bar with vegetarian options and other good foods like ceviche! We will also be raffling a \$50 Visa Gift Card! It will be held in Club 88 from 12:30-1:30 pm. I would really like for all of you to be there in any senate

attire, please. Please come join us, because the State of the Senate is a

really great way to become informed on what Senate is doing and what we aspire to do the rest of this semester. It is also another place where you can voice your concerns or ask questions.

D. Elections- *Secretary Brost*

1. The Elections Committee did meet last week.
2. We looked over the elections code and discovered that appeals weren't in the election code.
 - a) So we decided to add it.

XIII. Whittfest Saturday 4th

A. Meeting re-opened at 8:50 PM

Genesis Gil: *reads Mission Statement of Whittfest*

Why should we have a School Concert?

A student oriented and led event

Brings community and unity

Last year (2018) Whittfest requested \$65,000.00 strictly for Tory Lanez, excluding all additional fees

Bradford: originally the artist fee was \$30,000.00 in order to start negotiations because we were under the presentation that it was \$30k but last week agency communicated it was \$36.5k, \$35k for artist, and \$1.5k for hotel buyout,

negotiated down to \$32k so we are asking for \$2k to go towards to artist. This artist is requesting equipment from the late 90s and early 2000's, because this

equipment is not something that many companies have, they had to buy

equipment raising production to \$40k, we are asking PB for 20k and Senate for

\$20k. Whittfest week is \$3215 all being paid by PB. We are requesting \$10k for

security from the Media Council and have the second reading this week. This

amount includes the cost of outside security and ambulance services. The

whittfest week is as follows:

Monday: tentative (possibly Media Council open House)

Tues: Ball for a cause

We: Food Truck Palooza (variety of food trucks on north lawn, like InnOut will be free for first 100 students that get tickets, another 100 students can get a free item from funnel cake vendor) we are trying to see how many food trucks we can fund in advance so students do not have to come out of their pocket, we are seeing what we can afford.

Thur: Chilling Courtyard

Friday: Lip Sync Battle: teams can sign up and there will be 6 judges. Each team can have up to 8 members. First place winner all team members will get \$50 visa and Second place all members will get \$25 amazon gift card

Eccles: How long is the contract asking for an artist to perform for and how long is the whole event.

Bradford: We asked for 60 to 90 minutes I will confirm with you. The artist is going to perform at 7 PM, doors open at 5 to give time for people to arrive and openers perform. Prior to the artist performance there will be VIP meet and greet.

Ross: I really appreciate the Wittfest week to try to bring students together. What was the event cost?

Bradford: \$3215 was requested and has already been funded by PB

Cassery-Simmons: What is the amount you are all requesting?

Bradford: \$22k, this amount is less than the 26k we put on our initial request from

Garrison: You mentioned an open mic and a battle of bands, which one is it?

Bradford: It will be both based on conversations with media council

Garcia: Question for Treas. Estrada, we do not know how much is in our general body?

Estrada: we do not but estimating 70k

Eccles: I move to vote

Joachim: do we need more discussion

Cassery Simmons: More discussion. Considering there were so many students here voicing concerns, I do not think it is cool to fast track now with everyone gone thinking it wouldn't be fast tracked to then wake up and its funded

Ross: What is the last possible date this contract would need to be signed

Bradford: We need to sign it by friday, we would need an answer tonight to secure everything

Garcia: Is PB putting forward 23k?

Gil: For whittfest week and Whittfest we have put forward \$30k

Royster: based off conversation that took place during PV and other conversations that have been held, you guys are trying to fast track today? Considering the ability and the groundwork you all did to get the first request (this is just my personal opinion) and your ability to be open to the student body to be open about concerns, we have senate meetings every monday, and at your last request students had the opportunity to come forward and no one did. And now last minute students want to come forward, it's unfair to you all when 30k was more and proposed before. Its a real disadvantage to you all to say no automatically because at the end of the day its due to a lack of questions asked and a

conversation like this could have been more influential last semester when the request was brought forward I just don't think it's fair for it to be shot down now when so long ago no one said anything. I understand some students may have an issue waking up to the news, but they also had since November to share concerns. They had since then to ask questions raise concerns, and if they did not do that, that's a lack of communication, much more communication could have happened to avoid this from happening.

Gil: When Journee and I discussed this, I even told Journee we should not fast track. But given the manner of all this and the contract we have to. It's solely due to the circumstances. This is was not our initial plan

Cassery-Simmons: I really commend all the hard work and dedication you all have done. I understand the point that students could have come sooner, but it was due to confusion that there would be a second request. I feel uncomfortable fast tracking this when students thought that it wasn't being fast track

Gil: For the last artist we had 2 readings, no one came forward for second readings. There are tweets and minutes. They could have used that information, If there is confusion as to how requests work

Minami: The contract that needs to be signed on Friday is for artist or production

Bradford: Both

Hernandez: another aspect of the timeline is that the production company needs to get permits from the city of Whittier, it's not that the company just needs their money, there are just additional logistics they need to sort out.

Eccles: PSALA knew there was another request coming but did not know the amount of that second request, so I don't think it would be fair to not consult with our constituents. They need to know the amount before we vote, I understand that you all need answers but we need to be confident that we can vote on behalf of our constituents. I don't want to motion or anything, I just do not advise us to vote on something we are not confident in.

Garrison: This is more of a clarification, I noticed that it says there's a plan b if Media council does not fund it, can you explain what that is

Gil: Program board has set aside the funds in the event we can't get other funding, but ideally we would like to elaborate on Whittfest weeks, but it's there as a net and cushion.

Garrison: So there is no set in stone plan b

Bradford: there is, we would just have to seek other methods of funding from alumni office, pres office, or take from Whittfest week

Modesti: I have been talking to my constituents, and everyone has shared positive comments and I feel confident voting. Even though it happened over the weekend

and today, I knew what was being said and I asked my constituents and I still received support so I do feel comfortable voting. I also want to say I agree with what Royster said.

Ross: Although I understand what Royster said, I just also think it's imperative to understand the importance of listening to our constituents. We usually do not have students coming to meetings so to see that many come should not be taken lightly. We said it was not going to be fast tracked then going back on our word, I do not feel comfortable voting. We need to consult with our constituents, and we need to take their concerns seriously, even if that means having an emergency meeting.

Angileri : When did you get the finalization of all of the funds and when everything would take place

Segura: Clarification, do you need to pay everything now, or is that something that can be negotiated.

Bradford: The appointment that is needed is now a little tighter than what it would have been,

Moya: Administration has to have enough time to go through everything needed for things to take place. An emergency Meeting can be called for Wednesday, as long as senators go back and speak with their constituents, as well as allow for two business days for everything to get done. Pick time for an emergency meeting.

Cassery-Simons : I motion to expedite the second reading to an emergency meeting held this wednesday at time pending.

XIV. Daily Calendar Considerations

A. N/A

XV. Misc. Business

- A. Meeting is February 26th, 2020 at 7:15 pm. Please encourage all constituents to come to the State of the Senate during a time where all students do not have class.
- B. I would like to think it would be beneficial to debrief the Board of Trustees priorities.
- C. Garrison: I was disheartened because there were a couple of Board of Trustees members brushed off what was said by me. Jim Duncelman was asked to come over so that other members could continue their conversation and that me and Jim Duncelman could continue the conversation instead of it being brought up. There was disengagement from what was happening on campus, they didn't know all the things that were

happening with the student body though they made so many decisions for the student body.

- D. Segura: Trustee said we are only here for the students, I asked her what were the students saying, to me it wasn't like she was actually understanding what I was speaking on. Do you know about any programs?
- E. Minami: It didn't seem like they really cared about the question I had, and at one point I asked where sustainability has on their list. It sounds like the real world where you are going to have push back from everything and that your cares are going to be pushed down on the list. One of the trustees checked out, and was on his laptop.
- F. Sen. Modesti: I was unable to attend so I was wondering if someone could discuss the schedule of the lunch.
- G. Pres. Moya: There was time for mingling at the beginning of the event, and then we all had lunch at our own tables and then photos were taken at the end.
- H. Sen. Segura: I asked someone what students were saying, and she tried to summarize it to me and I knew that she completely did not know what was being said because she was very caught off guard.
- I. Sen. Minami: I had a very interesting conversation with Richard Liptenstein, it did not seem like they truly cared what we were talking about. I asked where equity and inclusion and sustainability falls on their priorities and they diverted the conversation and they stated that President Oubre prioritizes it but the conversation was very dismissive. One of them actually stated that pushback happens in the real world and completely brushed off our suggestions.
- J. Rep. from Public: I believe that not having this luncheon open to the public was a move for them to not fall under any ridicule.
- K. Pres. Moya: I actually asked for the luncheon, I wanted to open up conversations between the student body and the Board of Trustees, this is the first time this has ever happened. I will be contacting President Oubre.
- L. Sen. Garcia: None of the Board of Trustees members knew about the club deficits until the morning of our luncheon. The students have already put in work and now it is up to the administration to take charge and fix this. They kept on suggesting different avenues, the fact that they had no idea that these conversations were happening is very disheartening to me.
- M. Pres. Moya: I think that every board of Trustees member was at a very different place, the newer Board of Trustees had more to say and were more receptive to what I was talking to them about. Whereas the members that have held seats for

longer were not as receptive to these issues. I will communicate all of this back to Pres. Oubre because I am sure that she has had some of these similar experiences with them as well.

- N. Sen. Mendoza: A lot of them were asking more about my own personal experiences with prices for tuition and one of the Board of Trustees at my table who was someone that was pushing forward freezing tuition and he was asking about my experiences with how they can help.
- O. Sen. Ross: Every person that I spoke to seemed surprised that I was aware of the 5-year plan for the school and when the Board of Trustees were looking at allocating funding for renovations to residential halls, they stated that it was not a priority at the time.
- P. Sen. Garrison: What can we do as a Senate? (directed at Pres. Moya)
- Q. Pres. Moya: I think it will start with a conversation with President Oubre, and discussing the logistical things about positions and asking her what she thinks we can do from here.
- R. Pres. Moya: The next time they will all be in town is around Commencement time, looking at what we can do to express these concerns at that meetings
- S. Sen. Segura: Is there a way we can access the criteria that Pres. Oubre looks for when she hires a new Trustee?
- T. Pres. Moya: I know that she has hand picked people, I do not know how this looks at other schools, however, I think it is very different from hiring a member of faculty.
- U. Sen. Segura: Is there any way students can have a say on who gets picked to sit on the board?
- V. Sen. Casserly-Simmons: We suggested to them that they can have a set group/task force for the President to report back to, this is something that I know other schools use.
- W. Reopen Roberts Rules : Senator Garrison, Senator Casserly Simmons
- X. Senator Ross: Please ask your constituents about the questions and concerns they have on campus.

XVI. Announcement

- A. Sen Angileri; Thursday at 7:00 ranked 2nd
- B. Sen Gil: College readiness program for highschool girls, and working with food sustainability, presentation based on research. February 26, 2:30 and or February 28, 2:30 in SLC room 313.
