ABSTRACT
Oral History Interview

with

MRS. HELEN H. GOSIEWSKI

July 12, 1972
Whittier, California

By Dr. C. Richard Arena

For the Richard Nixon Oral History Project

Mrs. Gosiewski's interview reveals her early life in the Whittier and La Habra area, her education, and the fact that she had very little personal contact with the Nixon family.

Her association with the Nixons was with [Francis] Donald Nixon in her visits to the restaurant.

She recollects her visits to the Nixon market and restaurant, but is not a good authority regarding the lunch stand in the store (according to Edward C. Nixon and Oscar O. Marshburn).

She had no personal contact with the President, either in the early days in the store, nor as a practicing attorney.
