Meeting Minutes for 2/7/21

- I. Meeting is called to order at: 5:05**
- II. Moment of Silence/Inspirational quote**
 - A. INSPIRATIONAL QUOTE :** Always be a first-rate version of yourself instead of a second-rate version of somebody else.” - Judy Garland
Read By: Sen Benn
- III. Mission Statement**
 - A.** The ASWC Senate, as the governing body of the Associated Students of Whittier College, is dedicated to the betterment of the college as an institution and as a member of the broader community. The Senate shall assist on-campus clubs and organizations in creating, promoting and implementing dynamic programs and events that involve students and add value to their educational experience. This body will act as an open forum for students to voice their opinions and desires, always keeping the best interests of the ASWC in mind. In all its actions, the Senate will serve the students first with integrity, dedication, responsibility and humility.
Read By: Sen. Saldana
- IV. Roll Call – Secretary Beasley**
 - A. Present:** President Eccles, Vice President Brost,, Director Royster,, Senator Armstrong, Senator Benn, Senator Lopez, Senator J Torres, Senator D Torres, Senator Iseri, Senator Yamawaki, Senator Coco, Senator Angileri, Senator Golden, Senator Schoech, Senator Saldana, Senator Waldorf , Senator Magana, Senator Beyene-Martin
 - B. Absent excused:** Treasurer Estrada, Secretary Beasley, Director Robinson
 - C. Unexcused:** Senator Garrison, Sen. Perez.
- V. Minutes Amendment/Approval**
 - A. Approved by: Senator Saldana**
 - B. Seconded by: Senator Magana**
- VI. Public Voice**
 - A. COVID Task Force Rep.**
 1. Lisa Newton: Thank you for the invitation, on behalf of the covid task force, things are changing daily, we are going to be following the county guideline. As of March 15th we can begin to reopen. Currently working on the website dependent on county health. We are hoping to move from the purple, to the red and to the orange. With each tear is the ability for us to be together. The website and updates will be given to the communication

team so that people know what they can and what need to do before returning to campus

2. Deanna Merino COntino- Thank you all who provided question via the document. We are starting to meet this Wednesday. On the student life perspective anyone who has had covid I work with directly
3. Senator Benn: Will on campus be open for international students?
 - a) We are currently open for international students
4. Bruce: We are planning to be half capacity. Whatever number of beds we have half of them will be full. If we have more students then beds then we are looking to start a contract with local hotels. Other priorities are also being worked on. The selection process is to come where it is late enough so that we have enough information from the county but early enough for people to plan.
5. The county is trying to commit to give us guidance by June for Fall of 2021
6. Housing Selection will start sometime in June maybe early July.
7. Gisselle Sipaue: I am the new Graduate Assistant for student engagement. I am currently a graduate student at Loyola Marymount University. I am just here to Observe what you do in your meeting and I will be working directly with the Elections Committee over the next month. And I look forward to getting to know and speaking with all of you.
8. Senator Saldana: Question about common room/places in housing, How will social distancing be enforced because I have heard from students on campus that students are hanging out with each other and how does that work for enforcing that? If we are back on campus I feel like that will be a place of contamination for students. How will that be addressed will there be any consequences put in place?
 - a) Bruce: Right now students should not be hanging out together in common rooms, at this moment they should be closed. I don't know that we are having staff walking around and checking common rooms. We are hoping that you as adults are following the rules against gathering and do what you can to hold each other accountable. I do know that if we were given names we would certainly address the situation. . I have peers in other universities that would kick students out of housing who are not following the rules, I'm not sure that's what we would do, we would start with a conversation and then move from there.

- b) Lisa Newton: To follow up on that to the degree that we are at common spaces should be closed right now or furnishing removed or other kinds of obstacles. So that we are always sending the message that we do not want individuals to congregate and follow social distancing guidelines. While also following our face covering guidelines as well. We will be refining ways to ensure that we can keep everyone accountable in the process.
- 9. Senator Waldorf: This question is directed toward Bruce, I know that you had mentioned that housing priority this year would be for incoming first years and I wanted to know if that was including this current first year class. Since we have not had the opportunity to be on campus at all, I say this because we are pretty much on the same page as the incoming class and I think it would be fair for the same priority. And I wanted to know what your thoughts were on that.
 - a) Bruce: Great Question: I had not thought about it like that. I will for sure take this to the res-life team. There are capacity issues and one of the things we need to ensure is that we do not get behind as to account for who can be on campus. We will be as thoughtful as we can and we will have to manage that. We do ask that all students are patient and understanding with how this will effect everyone
- 10. Tommy-Temple: I have a question for the Covid Task force as a whole, but first to introduce myself I am a Junior, on the baseball team, Biology Major, I'm also on the PSALA Leadership Council and I ran the let SCIAC play movement in the fall. We as athletes were never able to get in contact with anyone on the Covid Task Force and weren't really able to talk to anyone from administration directly. So we were wondering how you all came to the decision to not allow athletics this Spring.
 - a) Deanna: I want to be very clear on the roles on campus, Great question Tommy. The Covid Task Force is very new, and this is the work moving forward so that's why I asked Lisa to come because I think these are really good questions for us to consider and we want to identify a student representative to sit on this task force with us so that we can continue to have student voice. I'm hoping from this group we can get a student representative. There are several other entities all together in regards to decision made outside of that. I just want to be clear on the roles and how that works and to be clear and what the flow of information and communication and how that takes off.

(1) Tommy: So when was the Covid task force created?

b) Bruce: The Covid Task Force was created at the end of last summer, their job is to do the day to day work. They are not the high level decision makers. We also have a Covid Crisis team, I'm on that team, President Linda Oubre is on the team, Sal Johnston the dean of faculty is on that team, and Anna Lilia who is the associate VP for communications is also on that team. The four of us are figuring out ways to make the high level decisions. The Decision about athletics, I think you all were in communication with Rock Carter the athletic directors is that correct?

(1) Tommy: Yes

c) Bruce: I would say that you were in conversation with the administration. Rock is on Cabinet , as am I. And he communicates with the President the same as I. I would wonder what he told you about the decisions to have athletics this year. Because as the athletic director a lot of that is in his hands. I think the question that you are asking has been asked before.

(1) Tommy: Right and it has been asked before. We were told that the guidance from the Los Angeles County of public health was the reason we were not playing. We have all read through the guidance many times and there is nothing in there that actually says that there can not be athletics right now. There are a lot of policies that we have to follow and the amount of money that we need to raise. The main thing. Through the Let SCIAC Play movement the athletes that went through that were told specifically when we started the movement by Rock that the LA County of Public Health was what we needed to target because there were no guidelines to play. Within a week of the movement starting they sent us an email saying please go away here are the guidelines they already exist. And then we come back to Administration, the guidelines already exist and then they go oh we already knew that. Then from that point on no one wanted to talk to us.

d) Bruce: I think the thing that you are getting at and you said it in your answer; is the money. LA County guidelines to allow athletics were set up so that UCLA and USC could play. They made it exponentially expensive with regards to testing. All of us in the room today can know that we don't have USC or UCLA

money, we don't compete in Division 1 athletics like they do. Without the money to do the testing at the level that the county requires we can't participate.

(1) Tommy: I had that conversation about the money as well and the number that was given to me was \$300,000 was what we needed to raise. The thing that doesn't make any sense to me, was why we were not told out the get go when we were talking about this. The problem was partially the guidelines but also the money. We would have done anything in the Fall, because this money came out on September 30th 2020, we would have done a lot to attempt to fundraise. We just were not told things, there was just a really big lack of communication between Admin and a lot of Athletes, and we just don't know why. The main thing was there wasn't a lot of transparency for what was going on know one really knew what was happening.

e) Bruce: I apologize for that Tommy, and I am not hear to speak for others on administration and I know that if we could have funded the needs to have athletics this Spring we would have done all that we could to do that.

(1) Tommy: Thank You

11. Senator Benn: The prioritization of who would be on campus would they be expected to have their vaccines and how or what does that look like? Will those who have vaccines be looked at? My concern would be if we have all the first years on campus but they don't have the vaccine or only a small amount do. If 2nd, 3rd, and 4th Years who had their vaccine who could live on campus would that be something that is being looked at? I just wasn't too sure on how that was being handled.

a) Bruce: That is a great question. The requirement that we are considering and I believe all would be in favor of is that anyone who is going to be living on campus will have to be vaccinated. We want to be sure that we are allowed to do that. I think we can have other vaccine requirements for students on campus so that is what we are pushing right now. It is different for staff and faculty because of employment law, so I do not know if we will be able to mandate employees to be vaccinated. But we will do what we cannot help them get there.

(1) Senator Benn: I was wondering if we are able to ensure that the students who are coming in for events on campus are

vaccinated. For events that happen on campus would it be possible to say that you have to bring your vaccination card or kind of use your student ID as 2 in 1 and combine that somehow electronically. Finding a way to take the student ID's and putting the date from your Covid Vaccines and being able to do that and have that be a two in one.

(a) Bruce: I think this is very important and very true to the importance of what campus will look like. This is something we definitely want to be careful about whether it be events or classes. Figuring out how to do hybrid classes and events. As far as students are concerned there are already specific health requirements that we have for all students. So we are going to do what we need to do for that. In regards to safety.

12. Sen. Angileri: I just think it needs to be said that; As athletes we didn't feel like we were being represented in any of the conversations of the Covid-Task and specifically I know that Tommy and I tried to get in contact with Linda. Time and time again she didn't make time for us to interact with her like even 10 minutes and I know that she just kept referring and referring and we just could not get any voices in there like about funding our \$300,000 and I know that's a lot. But we were not even given the time enough to try and get donations or go ahead and try to get free testing. We feel that we were failed. We as athletes are a large majority of the student body and I don't want to beat a dead horse but I do believe that it needed to be said that we are very disappointed in the way the school handled it and we didn't feel that our voices were heard. I didn't have any questions. I just felt that it needed to be said.

13. Lisa Newton: I just wanted to go back to the vaccination question. I just wanted to make a point that one of the limitations at this point is supply and at the age that the vaccine is available at this time. Its difficult to elaborate on the requirements because we do not know when students in your age group will be able to be vaccinated. Follow and watch that closely and allow for our policies to follow that as best as possible.

14. President Eccles: I had recently talked to Carrie, and I had asked about vaccinations and how that works for international students. Based on how it works for the vaccine per our conversation because it is such a public health emergency is that is won't be based off of citizenship per say but as to when your age group comes up. With the Covid Task Force will you

work with international students to keep them updated and how that will work for them.

15. Lisa Newton: We will absolutely do that, there is a covid task force email. So I would for sure advise that if you have any continuing questions that you direct them there.
16. Vice President Brost: How are classes going to look when we have the Hybrid system? Because the students with the ability to learn in person will definitely be getting a better access to education than those students forced to stay at home and stay online. I'm not expecting this to be answered right now but I do expect that this is taken into account of how classes are going to look and how people who have to stay home know what is that going to look like for staying online.
17. Gil Gonzalez: Were working on that. Just because it appears that the state of California is opening up it doesn't mean that it's so easy. All the policies and processes are implemented or completed. We are trying to work on some institutional guidelines. Coming up with some definitions of what hybrid, online and in person look like in regards to Whittier College itself. We gotta remember what we were planning for this academic year and what we are looking at now to plan for next academic year. I hate to say this but we are looking at the plan of what classrooms will look like. If we were to tell you right now that plan could completely change. So we are trying to stay patient and ensure that we are thorough and that we stick with a few different options.
18. Director Royster: To follow up on the question of classes and hybrid. I know that we just received an email today in regards to priority registration and the deadline for that coming up on March 22nd. When are we going to know how to look at classes, and how are we looking at class in retrospect of advising, classes and do we know or have a timeline for that as registration is coming up.
19. Gill Response : Great questions Tori: I think based off of what I just mentioned and trying to ensure a path forward. A lot of registration and the timeline will be pushed back. We are not doing modules. We are confident that we can return to a semester. We just need to be patient and we know to get on this quickly but it will be delayed a little bit.
20. Deanna: I just want to take the time to thank Lisa Newton for coming in and answering all of our questions. This is not going to be the only time that we talk to Lisa, but this is something that we can do monthly and the questions can be answered and we can continue to provide ongoing

feedback and moving forward. The Senior Crisis team makes the decision on commencement.

VII. President's Message - President Eccles

A. Good evening all.

I hope you all had a stress free and relaxing weekend. I want to first thank the Covid Task force rep for coming to our meeting today and providing the senate and students with updates and for answering our questions. We are starting week 3 which means we are almost half way through this module and that seems crazy to me. I know my work load is pretty demanding right now and I can only imagine all of our students are feeling the same. Please remember to reach out to your friends, say hi and make sure they are doing okay. I also want to remind all of our students to continue to be vigilant. I've had a few comments and seen a few posts over the last week about how with the deployment of the vaccines, and things are opening back up that people are starting to go out more. I only want you all to remember to be extra safe, social distance and be vigilant until the pandemic is really over. There was an email sent out about commencement for this years graduating class. If you haven't seen that yet please do give it a look. As of right now the plan is to have a virtual commencement done through a private vendor who I believe had sample work linked in the email as well. I will be working to make sure we are getting as many seniors as possible to fill out and take advantage of what the vendor can do for this ceremony. Not having an in person ceremony doesn't diminish the accomplishments of every Whittier graduate this year. We should make that best out of every circumstance. Next week on the 15th, we will have Lafayette Baker, the Title IX Director and Ann Kakaliouras, Director of the Gender Equity center coming in to introduce themselves more and speak about the goals and responsibilities of their roles, both in their similarities and differences. I will also be emailing the Title IX team in regards to attending a meeting later this month. We will not be having a formal senate meeting on the 22nd. Instead we will be having a closed session with just eboard, advisors and senators. I will remind us all again closer to the time but we will also not be having a senate meeting on April 5th as there will not be any classes that Monday. My office hours will be on Thursdays from 4:30 - 5:30. Eboard will have all of our office hours links available by the end of the week and we will update you all if we post them on IG or in the slack, etc.

VIII. Treasurer's Report - Treasurer Estrada

A. General Fund Balance: \$55,246.08

B. Operational Account Balance: \$5,477.80

C. Reserve Account Balance: \$34,631.00

D. Allocated Thus Far: \$66,600.27

E. First Readings: \$0

F. Daily Calendar Considerations: \$0

IX. First Readings

A. N/A

X. Miscellaneous Business

A. Non-Traditional Student Experience Rep. Amendment

1. Representative J. Torres: reading of the amendment
 - a) Vice President Brost: Point of Inquiry: do you want the bill to be fast tracked?
 - b) Representative J Torres: Yes
2. Vice President Brost: Motion to approve the fast track of this bill
 - a) Senator D. Torres
 - b) Second: Senator Magana
3. Representative J. Torres: the amendment was created because the constitution was not specific enough on what the definition of nontraditional student was. Still very vague on what is a nontraditional student, but this is necessary for the committee
4. Christine: Proposed amendment: reading over of Edits of the amendment
5. Representative Saldana motion to take the floor: Love the Clairty and specificity. Have you thought about making this more than one position?
6. Representative J Torres: response: Reached out to find out how many students there are to see if it is necessary to have multiple positions. Will hold weekly meetings, and bring information to the senate. Use it as a one person job for now, and then in the future, amend it, and add a second person.
7. Vice President Brost: Advises against adding more Reps positions
 - a) Maybe build an executive board for the committee as well, which does not have to be in the amendment.
8. President Eccles: Point of information: Senate positions are always changing, so if there are any ideas discussed after passing this amendment, it can still be added at any time.
9. Vice President Brost: vote to fast track the approval of this amendment: passes with 13 votes.
10. Vice President Brost: Motion to approve the fast track of the amendment with with Christine's amendments
 - a) Senator Saldana

b) Second: Senator Yamawaki

11. Vice President Brost: Vote to amend the amendment: passes with 13 votes in favor
12. Vice President Brost: Final Vote to approve the amendment: passes with 14 votes in favor

XI. Constituent Reports

A. Academic Affairs Chair: *Sen. D. Torres*

- 1.

B. First-Year Class Council: *Sen. Waldorf*

- 1.

C. Commuter Representative: *Sen. Lopez*

- 1.

D. Residential Hall Representative: *Sen. Magana*

1. Im planning to have office hours from 1-2:30 pm for students on Wednesdays and I will make a promotional info poster this upcoming weekend. I also talk to Director Robinson over care packages for residential students and I may to push that a bit more back due to not having myself the funds to get it or be reimbursed at the moment. Oh I also am planning to email Bruce regarding WiFi, I received a couple of complaints regarding students over it so I'll discuss it with him to see if we can come up with a resolution.

E. Non-Traditional Student Representative: *Sen. J. Torres*

- 1.

F. Student Body Representative: *Sen. Armstrong*

- 1.

G. Student Body Representative: *Sen. Benn*

- 1.

H. Student Body Representative: *Sen. Beyene-Martin*

1. Constituent Report Nailah Beyene-Martin ASWC Student Body Representative March 5, 2021 I received one more response for the COVID task force: What are student's expectations when we come back to campus? Having a hybrid system is preferred, so students can still hold jobs while attending classes Personal Updates: I've finalized my schedule! I will be hosting open office hours via Zoom on Tuesdays from 11am-12pm PST for the remainder of Spring Module 2. I will be coordinating further with Director Royster to get this update posted on the ASWC Senate InstaStory. Questions that I have for Senate: Are there initiatives that Senate has been taking, or partnerships with

clubs/organizations, to help students manage stress or social isolation during this time? □ How can we be improving engagement within our student body, and getting students more involved in virtual activities and events? (It's been difficult to receive feedback from constituents)

I. Inter-Club Council Representative: *Sen. Iseri*

The ICC eboard met last Monday, 3/1 to discuss the timeline for the ICC eboard elections, and different plans we have for the remainder of the year. Then we had our full body ICC meeting last Wednesday 3/3/21, and we had two really good discussions.

The first was about the feedback I gathered from the Senate table last week on how to engage with students and recruit new members. Our constituents are interested in the idea of starting an ICC Discord server to help relay information about clubs and organizations, in a more localized location, so we are contemplating doing that. The primary reasons behind this are the fact that the Poet Update can be tricky for students to navigate as it has so much information, so it is hard to find information about the really interesting events, and that students feel Engage is still too confusing for new students to navigate.

The second discussion was on the 3 Questions proposed by the Senate. The following is copied and pasted from the meeting minutes, and consists of the responses gathered as close to the original comments as possible.

1. What are your expectations for when we come back to campus?
 - Ideally best case is a return to normal but if a hybrid system can also be included that would be good to stay safe
 - Hybrid because we want people to be able to have the option to stay home in case they have health issues, do not feel safe. Some people do better in person, and would be able to get help. Also it will help international students, because they will have online resources.
 - Hybrid is the best option because some people do not feel safe going back to campus.
 - Require vaccines for anyone going back to campus. We all have vaccines required for before college, and make the covid one too. Especially because even if we have masks, we cannot trust people to do it.
 - a. Do you deny people coming back if they do not get the vaccine?

- In the dorms we should not have roommates because it is safer that way. When someone gets a cold, everyone in the dorm gets it.
 - If you have things like libraries and gyms, everything should be cleaned and it all needs to be RELIABLY cleaned. The staff have enough to do so students should have to do it.
 - a. We have hand sanitizer everywhere, so we should be able to have disinfectant everywhere and like a rag to clean things
 - How will enforcing masks work?
 - a. Will this be done by campus safety?
2. How can admin work with students to get feedback?
- Survey monkey
 - emails can be hit or miss but is ultimately our best option unless we start texting every single person
 - At the end of every class professors will ask questions to students to check in to let them know what is going on with students.
 - a. give a good system for checking in
 - b. The evaluations at the end of the module is the only time we are able to give feedback, so doing that more would be good
 - Have surveys be shorter, like 5 minutes, and professors give them out so that admin can still get feedback consistently, and they do not have to worry about not getting emails
3. What are some initiatives the Senate can take to help you and the greater campus community?
- Specifically maybe senate can try and build communication and help those that cannot attend in person
 - When senate or school social media accounts post, it is an easier platform to get information. Then students will go from them to find more information and they will check their emails
 - a. Infographics
 - b. Installments but online
 - More communication, building communication
 - Online study rooms with random strangers so people can see each other
 - Organize mini tournaments by collaborating with esports.
 - Do movie night
 - Do game nights
 - a. Pictario

- When we are back on campus people will want to be social, and be near each other, so finding ways to be social but safe. (arts and crafts)
- Have more giveaways: food (doordash), giftcards

J. Diversity Council Representative: *Sen. Yamawaki*

1. Here is my CR. I also want to make an announcement for the Sites of Solidarity event committee.
2. We had a DC meeting this past Thursday
 - a) Introduced “Sites of Solidarity” event
 - i. Will be a revamped Diverse Identities week to promote intersectionality and collaboration among students, orgs, and other WC departments
 - ii. Tentative date around the end of April
 - iii. We are forming a committee that includes students to help organize, let me know if you want to be involved
 1. First Gen and Allies event: Cafe con Profe
 - a. March 16 at 6:30
 2. All students, especially first generation students, are invited to a panel discussion with a group of Whittier College professors and staff who will be sharing their experiences as first generation college students.
 3. Zoom info will be announced at the beginning of this coming week via instagram.
 4. @wcfirstgenallies

K. Social Justice Coalition Representative: *Sen. Perez*

- 1.

L. Media Council Representative: *Sen. Garrison*

- 1.

M. Poet Student Athlete Leadership Academy Male Representative: *Sen. Coco*

- 1.

N. Poet Student Athlete Leadership Academy Female Representative: *Sen. Angileri*

1. We are discussing the covid task force questions with our constituents. A general brainstorm was done within our executives and it seemed to be a common theme that there is a lack of transparency between the admin of the school and athletics. When we ask our AD and other admin in the athletic department questions, they are unable to supply answers as they are not informed of what the school is doing and this is unacceptable.

2. Thank you,

O. Inter-Society Council Female & Male Representative: *Sen. Saldana and Sen. Schoech*

1.

XII. Committee Reports

A. Administrative –*Vice President Brost*

1. Admin Committee is going to be meeting offline on Tuesdays at 12:30pm. We are still working on the archiving in the Poet Commons. We will soon be transferring some of the governing documents into a Google Doc form so we can edit them.

B. Budget- *Treasurer Estrada*

1. senators are going to be paid a total of \$350; \$100 on pay period 6 (March 12th), \$100 on pay period 8(April 9th), and \$150 on pay period 10 (May 7th)

C. Campus Relations- *Director Royster*

1. Campsu Relations will not be meeting this week, I have a appointment at the same time as the meeting. Looking to find a different time to meet, so that we can begin working on transitional reports.

D. Elections- *Secretary Beasley*

1.

E. Program Board – *Director Robinson*

1.

F. Advocacy- *President Eccles*

1.

G. Student Feedback Committee- *Sen. Armstrong and Sen. Benn*

1. **Posting Ideas:**

1. Instagram: @aswc_sfc

1. Beacons.ai ✓
2. Intro post ✓
3. Feedback Forum Post ✓
4. “Senate Meeting In A Minute”
 1. Senate meeting wrap-up
 2. reel/story highlight

2. Livestreams!

1. Giveaway after reaching a specific (100) follower count

1. Poets email

2. Topics to get feedback on:

1. For the school:

1. What are student’s expectations when we come back to campus?

2. How can admin work with students to get feedback?

2. For Senate:

1. What are some initiatives Senate can do?

Events:

2. Feedback Forum

1. Thursday, March 11? @ 12:00 -1:15pm PST
2. Update Google form for event feedback (rating/scale w response)
3. Gift card rewards: 3/\$25 option cards
 1. Amazon, target, starbucks, etc.
4. q&a function / questions in chat to read on behalf
5. Follow up meeting/event for after-thoughts

3. State of the Senate

1. April 15, Thursday @ 4:00 - 6:00(ish) PST
2. recording purposes
 1. Consent form
 2. Email reminders
 3. Zoom webinar? Instead of engage page only for RSVP
 1. Hide participants w/ cameras off & hiding names
 4. Reminder graphic of recording
 5. q&a function / questions in chat to read on behalf
 6. Follow up meeting/event for after-thoughts
 7. Recording posted as a reel on instagram?

2.

H. Student Finance Committee- *Tres. Estrada*

1.

I. Environmental- *Sen. Golden*

1. Last week, enviro committee continued to collect constituent feedback regarding COVID-19 and a return to campus. We also created a Google Form with the feedback questions and are advertising it on our Instagram. Thank you.

XIII. Announcements

- A. . Christine: Student Life Nominations are open and Applications close April 2nd
 - a) Quick read-through of all of the student life awards
 - b) All advisors nominated will be contacted to let them know they were nominated.
2. Senator Armstrong: point of inquiry:
 - a) Can we make graphics to make this postable, and further promote it?

- b) Christine's Response: that will be worked on
- 3. Senator Angileri
 - a) Can we pick multiple advisors for the awards?
 - b) Response: you can
- B. Senator Magana:**
 - 1. Recently reached out to residential life about last year's bill that stated feminine hygiene products would be available to all students on campus. The products have yet to be provided, but we would like to get them. We will make this initiative as gender inclusive as possible. Is anyone interested in helping?
 - a) VP Brost: reach out to facilities about the hygiene products before paying for them yourself. Also Can reach out to the budget community.
 - (1) Bill is on the Poet Commons to send a copy of to anyone
 - 2. Also, I am working with Director Robinson to make care packages to residential students. We hope to provide toiletries and snacks, because it is a very tough time. Difficult to get toothbrushes, toothpaste. Made a list of things to get. Does anyone want to work on this with me?
 - 3. Contact information: amagana2@poets.whittier.edu
- C. Senator Saldana: Event Shoutout:** The thalian society is inviting any person who identifies as female or femme to movie night. It will be a Studio Ghibli film, it is beneficial because it serves as a nice pause on life, open space.
 - a) Thalian open house open this thursday 5:30-6:30 via zoom
 - 2. Message Senator Saldana via Instagram or email if you are interested.
- D. Senator Yamawaki: Diverse Identities Week:** DC the diverse identities week is going to be expanded to at least a week and be held similar to a conference. This will be held at the end of april/start of may. Clubs and organizations will host workshops and speakers. This will help to promote collaboration and intersectionality between different identities. Need students to help on committees. Expect this to be a little bigger than usual for diverse identities week.
 - 1. Read through statement: Create opportunities for students, faculty, and staff [and alum] to celebrate, learn, and discuss diverse identities and intersectional topics while promoting action items to follow beyond these spaces.
 - 2. Reach out to Sen Yamawaki if interested in getting involved.
- E. Sen Armstrong: Feedback Forum:** Some Topics that will be covered: the questions sent out proposed by senate and admin, and graduation. \$25 Gift cards will be given away.

- a) If you have any specific questions direct them to the Student Feedback isntagram page
2. Like, follow, share the posts on the student feedback committee instagram
- F. Sen Benn: Virtual whittfest: Happy Monday and mid-module! I would like to start a new take on Whittfest, and work with students on how to make whittfest happen. Bring virtual whittfest to everyone.
 1. If anyoneis interested in brainstorming reach out to Sen Benn
 - a) Contact: cbenn@poets.whittier.edu
